Wave A will only be for schools/teams that can fill the girl, boy, girl, boy format. Please list your four person teams from fastest to slowest. This can be a combination of schools. Please give the name of one school to whom we should give the relay bag of bibs for distribution.

Wave B will be for schools or a combination of schools who can put together four people, girl or boy or mixed in any combination of girl/boy, to create a relay team. Please list your four-person teams from fastest to slowest. If the team is composed of mixed schools, please give the name of one school to whom we should give the relay bag of bibs for distribution.

Wave C: List of individuals, boy or girl, who do not fit on a relay team. List them fastest to slowest.

Bib numbers will be assigned to your complete relay teams. Times will be posted according to those bib numbers and names. If coaches make any changes to their relay teams, **the bib numbers for the teams must remain the same.** If your first team is assigned numbers 101, 201, 301 and 401, those four numbers must stay with your first team even if you switch who your skiers are. This will be very important to follow. If a switch is made in a relay team, the bib numbers and original name will be what appears on the results. Coaches will be responsible for telling their athletes, who switched, what their lap times are.

Race Times:

11am Wave A: Teams of four composed of girl, boy, girl, boy in that order. Two schools could combine to make up a team of four.

12pm Wave B: Teams of four composed of any configuration of girls and boys. Two schools could combine to make up a team of 4.

1pm Individuals: Skiers will go out in waves of about 10, every minute.

Relay Tag Zone: There will be a tag zone area where kids must **make HAND TO BODY CONTACT**. There will be a tag judge present who will call kids back who do not make body contact. Please make sure your skiers know this!
